

THE BLAIRMORE ENTERPRISE

VOL. XV., NO. 14.

BLAIRMORE, ALBERTA, THURSDAY, APRIL 3, 1924.

\$2.00 YEARLY

LOSES CAR THROUGH ICE AT CROWS' NEST LAKE

While attempting to cross the ice over Crows' Nest Lake at a late hour on Tuesday evening, a car driven by a resident of West Coleman, broke through and sank in about thirty feet of water. For some time past traffic has been taking the ice for it, the main trunk road around the lake shore being blocked by snow drifts, and it appears that in this case the car strayed somewhat from this trail and met a thin spot. The occupants of the car had a miraculous escape, jumping out of one side as the car was submerging the opposite way. In Alberta.

ALBERTA MAN HONORED

For the second time a prominent Alberta man has been honored with the degree of knighthood from the Danish government. The latest is Dan Morkeberg, of Markerville, who has been decorated with the order of Danebrag, a Danish knighthood. Mr. Morkeberg has been a resident of Alberta for some years and was at one time a member of the Legislature. The first man to receive the distinction was C. Markar, provincial dairy commissioner, and former Danish consul in Copenhagen.

MORIN-HAYES

A quiet wedding took place on the morning of Tuesday, March 25th, in the home of Mr. Charles Hupson, of Cadomin, Alberta, when Miss Lucy Alice, third daughter of Mrs. and Mr. Robert Hayes, of Blairmore, was united in marriage to Mr. Joseph William Morin, of Cadomin.

The bride was modestly attired in a cocoa and sand gown and the marriage vows were read by the Rev. H. C. McNeill, pastor of the Union church. Following the ceremony, a wedding dinner was served in the evening by Mrs. Hupson, sister of the bride.

The happy couple intend to leave in a few days for Vernon and other points west.

GRAND TEMPLE PYTHIAN SISTERS ORGANIZED

The Alberta Grand Temple of Pythian Sisters was duly organized at Calgary on Friday, March 21st, with the following officers:

Grand Chief, Jennie Wainwright; Past Grand Chief, Esther Maddison, of Drumheller; Grand Senior, Elizabeth Martin, of Lethbridge; Grand Junior, Bessie Whitley, of Edson; Grand Manager, May H. Shearlaw, of Drumheller; Grand Mistress of Records and Correspondence, Annie Woolley; Grand Mistress of Finance, Cora Thygesen, of Oyen; Grand Protector, Verna Backus, of Red Deer; Grand Guard, Olive Bergman; Grand Trustees, Annie Clapperton, of Rosedale; Cora Glendinning, of Coleman; Catherine Petrie, of Hillcrest; Press Correspondent, Maud Wright, of Blairmore. Past Grand Chiefs, M. J. McArthur, of Calgary; Hattie Donahoe, of Edmonton.

HOME TWICE VISITED BY DEATH WITHIN A WEEK

This district was shocked on Friday morning to learn of the death of James F. Crowder, district mine inspector, which occurred at Calgary, following but a few weeks of illness. Mr. Crowder had been ailing for some months but not until about four weeks ago was he obliged to take to the bed for treatment. About a week prior to his death, it was decided to take him to Calgary for special treatment, where it was found that all human skill could not avail and the end came at 10:45, Thursday night. The remains were brought to Blairmore on Saturday morning's train, and all that day laid in state in the little Anglican Church on Victoria Street, of which he was a devout member and warden. On Sunday the body was taken to the home, and the funeral took place from the home at 4 p.m. to the Blairmore opera house, where service was conducted by the Rev. A. M. Neal. The building was filled to the doors with sympathizing friends. The deceased was closely associated with the Masons, Oddfellows and Pythian lodges, and members of these organizations and their sister auxiliaries to the number of about four hundred strong were in attendance. Funeral arrangements were in charge of the Masonic Order, by special request of the deceased. The remains were laid to rest in the little Protestant cemetery by the hill. At the graveside the beautiful last rites of the Masonic Order were administered.

Prior to forming into procession, special meetings were held by the Rocky Mountain Lodge 86, A. F. & A. M.; Blairmore Lodge 98, L.O.O.F.; and Livingstone Lodge No. 22, K. of P.; then all lined up in regular formation, the procession extending nearly a quarter of a mile.

Many and beautiful were the floral tributes of respect and sympathy.

Mr. Crowder was but in the thirties, having died on the eve of his thirty-eighth birthday. For a number of years he has acted in the capacity of inspector of mines in this section of the Crows' Nest Pass and in that capacity won the respect and esteem of all. As a citizen and society member he will be keenly missed.

To add further to the gloom surrounding the community, particularly the home in West Blairmore, Mrs. Crowder, whose life had been hanging in the balance since the death of her dear husband, passed away on Monday morning at 4:30, exactly twelve hours after the remains of her husband had been consigned to rest. Mrs. Crowder was forty years of age and a member of a large family of brothers and sisters, most of whom survive her. Her brothers, George and Albert Derbyshire, were near when the end came. Mrs. Crowder was a member of Crovview Rebekah Lodge and it was her expressed desire that her remains be looked after by that lodge. In order to give those from afar an opportunity to attend the funeral, the remains are being held over until tomorrow (Friday), when the funeral service will be held at the Anglican church and the remains will be laid to rest beside those of her husband.

The sincerest sympathy of all goes out to the four little orphaned children, the eldest of whom is about fifteen and the youngest practically an infant. We understand that arrangements are being made for their care.

A vote was taken on Tuesday by the members of Blairmore Local Union, for the purpose of endorsing or rejecting the action of the district executive. Two hundred and ten votes were cast, 201 for, eight against and one spoiled ballot. A similar majority in favor of a strike was obtained through all the locals in District 18.

Henry Ralston, a Calgary man, was robbed of \$5,000 cash at Vancouver.

The Orpheum theatre was crowded to the doors on Sunday night last on occasion of the sacred concert staged by Ukrainian, Slavonian and Polish talent. The programme was in charge of Mr. Thomas Gushel, of the Blairmore Photo Studio, and consisted of musical and vocal selections, all of which were remarkably well rendered. Splendid selections were rendered by the adult and junior mandolin orchestras, about ten pieces in each. Other items included vocal and instrumental solos, duets, quartettes, sextettes, etc. The concert was held under the auspices of the Ukrainian Society of the Crows' Nest Pass. A collection was taken at the door to defray expenses. It is hoped to give another concert here in the near future.

At the recent session of the Canadian Amateur Hockey Association at Toronto, S. P. ("Silver") Quilty, of Ottawa, was elected to succeed W. R. ("Toby") Semmich, of Portage la Prairie, as the new president. Dr. Semmich, of Calgary, was named vice-president.

A Growing Bank Account

WORLD HAPPENINGS BRIEFLY TOLD

The National Assembly at Athens passed a resolution in favor of the Glucksburg dynasty and establishment of a Greek Republic.

Disregarding party lines, the House at Washington adopted a resolution to appropriate \$10,000,000 for the purchase of food supplies for destitute women and children in Germany.

The Paris Louvre has received from Syria a harp, the strings of which have been mute for 3,700 years. It was unearthed on the banks of the Euphrates.

Because of the continued demand that the body of Nikolai Lenin, the late premier, be kept on view, the Soviet Government has decided to re-embalm it, in order to preserve it permanently, if possible.

Italy's air force has been built up to a point that gives her authorities confidence in her ability to hold her own actively in this field of military activity, according to the under-secretary of state.

More than 50 claims have been recorded, following the recent strike of high-grade ore in Beaver district, 60 miles north of Reno, Y.T. Many of the claims are for the new camp and considerable development is looked for in the near future.

The funding of France's foreign debt of between eighty to ninety billion francs will be the next move of the government for the purpose of consolidating the position won in the "battle of the franc," and to improve the financial and economic situation generally.

Murdered!

Put right out of business, a whole family not of good honest folks, but of Corns—sore troublesome corns that sting and bite. Putnam's Corn Extract is the only painless relief for corns, it never fails, 25c everywhere.

"How does young Johnson stand at college?"
"Not very well. He's all right in his studies, but he is more than suspected of cutting football games."

There is nothing repulsive in Miller's Worm Powders, and they are pleasant to take as sugar, so that few children will refuse them. In some cases they cause vomiting through their action in an unaccustomed stomach, but this is only a manifestation of their cleansing power, no indication that they are hurtful. They can be thoroughly depended upon to clear worms from the system.

"Now," said the clergyman to the Sunday school class, "can any of you tell me what are sins of omission?"
"Yes, sir," said the small boy, "they are the sins we ought to have done and haven't."

Sleeplessness

Sleeplessness, like insanity, is greatly on the increase. Modern life, with its hurry and worry and noise, brings an enormous strain on the brain and nerves.

The temptation to depend on sleeping powders or tablets must be fought off if you would avoid catastrophe. Means of reconstructing the starved nerve cells must be sought. Since the digestive system fails to supply nourishment to the blood and nerves it is necessary to employ such treatment as

DR. CHASE'S NERVE FOOD to instill new strength and energy into the tired nerves. This is Nature's way of affording lasting relief.

You will notice that while the price of Dr. Chase's Nerve Food has been increased to 60c, the new box contains 60 pills instead of 50 as formerly.

Likewise Dr. Chase's Kidney-Liver Pills are 50c a box of 36 pills, instead of 25c for 25 pills.

Edmondson, Bates & Co., Ltd., Toronto.

New Box 60 Pills 60c.

Lost British Ships

Soviet to Salvage Vessels Sunk in Great Archangel Episode

According to a Reval newspaper the Soviet Government has decided to endeavor to raise "some of the 170 ships" which were sunk off the Murman coast by German submarines during the war when carrying army equipment.

This news is of considerable interest, since it reveals for the first time a part of the price which Britain paid in the effort to succeed. Russia after Turkey entered the war, and the Russians had been driven back beyond Warsaw.

British set out to re-equip the Tsar's armies for the great offensive contemplated in 1917.

The operations were based on Archangel, and included the building of the Murman railway.

They were carried through at the cost of hundreds of millions, the results of which passed at the time of the revolution into the hands of the Bolsheviks, and through them to the possession of the Germans.

Is Your Nose Stuffed With Cold?

Don't load your stomach with cough medicine. Send healing medication through the nostrils—send it into the passages that are inflamed with Catarrh.

It's easy to get rid of a bad cold, to drive out Catarrh, to strengthen a weak throat by inhaling

Catarrhose. Use your drugstore today. By using it frequently you keep the air passages in good health and prevent many a bad cold. Two months' treatment \$1.00; small size 50c. Refuse a substitute. By mail from The Catarrhose Co., Montreal.

Weakness in the Air

France Takes Lead Over Britain in Air Defence

In round numbers, but not so round as to be misleading, we have at present about one first-line, or combatant, aeroplane for every ten possessed by France. France keeps about 600 first-line aeroplanes always ready, under the name of the Independent Striking Force, to attack any enemy the instant a war is declared. We have for the same purpose about 30. But France is vastly stronger than we in other aeroplanes which could be converted immediately to the same use—she has some 400 told off to work with the French army. The relative combatant strengths of the two countries in the air are, then, as a thousand to one. In a conflict we should be in the position of one man fighting ten.—Manchester Guardian.

Fifty-Fifty

Beggar—"Please give a poor old blind man a dime!"
Lady—"Why you can see out of one eye!"
Beggar—"Well, then, give me a nickel."

Many have been relieved of corns by Holloway's Corn Remover. It has a power of its own that will be found effective.

Probation Made a Success

Out of a total of 400 men and women who were given a "second chance," instead of a prison sentence, on being convicted of crimes in Toronto and York county between November 1922, and October, 1923, only 21 failed to make good, according to the Ontario probation department.

A Wise Policy

Man's home companion is a pipe or cigar, and the wise wife encourages him to smoke.

Wireless Hobbies in England now number nearly 900,000.

Wheezy Chest Colds Subdued Over Night

Trailing Nurse Tells How Colds Are Quickly Broken Up

NERVILINE

A Home Necessity

Speaking of valuable home remedies that every mother should always keep on hand, Nurse Carrington says: "I haven't met any preparation more dependable than 'Nerviline.' It is the ideal liniment; every drop rubs in—it is absorbed quickly, eases and relieves congestion in a short time. For chest colds, pain in the side, stiff neck, carache and toothache I have found Nerviline invaluable. In treating the minor ills that arise in every home, nothing is more efficient than Nerviline."

For nearly fifty years Nerviline has been a household article in thousands of Canadian homes. It is not a 25c bottle today.

Sacrifice of Dairy Calves

Dairymen Are Advised to Rear Heifer Calves From Good Stock

A savior of heifer calves from heavy milking cows kept for producing milk for city trade, was urged at the Dairy Cattle conference recently held in Ottawa. An enormous sacrifice of good dairy stock is said to result from the present practice whereby dairymen in many cases depend upon buying to replenish their herds. Instead of rearing the heifers from good cows. Cows were instances of many carloads a year of the very best cows being bought up and shipped out of certain countries in Ontario to replenish commercial milking herds. Under this system the cows no longer produce the progeny they are capable of producing, which is so much needed. It was urged that means be found for inducing milk-producing farmers to use improved bulls only, and to encourage the organization of heifer clubs among the boys and girls for taking over and rearing heifer calves.

Cannot Speak Too Highly Of Your Medicine

So Says Mr. and Mrs. T. Armstrong After Using Dodd's Kidney Pills

Ontario lady who suffered from neuralgia, backache and headache, tells of Dodd's Kidney Pills. Spruce, Ont. (Special).—"I thought I would write and tell you how much your Dodd's Kidney Pills have helped both my husband and myself. We have used several boxes and they have helped us wonderfully. I cannot speak too highly of your medicine." This testimonial comes from Mrs. T. Armstrong, of the place—well known and highly respected resident. The reason Dodd's Kidney Pills have come to occupy such a prominent place in the family medicine chest is that so many of the ordinary everyday ills come from sick kidneys. Rheumatism, Lumbago, Backache, Urinary troubles, Diabetes and Heart Disease can all be traced directly or indirectly to sick kidneys. Insist on having Dodd's, the Kidney Pill your neighbors use.

The first bananas shipped to London could not be sold at any price and were left to rot because nobody would eat them.

CHILDHOOD CONSTIPATION

Constipated children can find prompt relief through the use of Baby's Own Tablets. The Tablets are mild but their laxative which never fail to regulate the bowels and stomach, thus driving out constipation and its attendant troubles, such as colic, flatulence, and fever. Concerning them Mrs. G. Dalglish, Dalglish, Que., writes: "Baby's Own Tablets have been of great benefit to my little boy, who was suffering from constipation and indigestion. They quickly relieved him and now he is in the best of health." The Tablets are sold by medicine dealers by mail at 25c a box from Dr. Williams' Medicine Co., Brockville, Ont.

High Price of Whisky

Milk Was to be Taking the Place of Hard Drinks in Glasgow

Milk is taking the place of whisky as a woman's beverage in such an extent that Glasgow publicans are gradually transferring to the milk business. The principal reason for the change is said to be the high price of whisky, workmen being unable to afford its price for a drink. Some years ago publicans paid from \$50,000 to \$100,000 for the "good will" of a licensed house and now they find these valueless.

Hence small milk shops are being opened to take the place of the abandoned licensed places.

Minard's Liniment for Corns

"What's all that noise over at the minister's house?"
"Oh, he's memorizing his sermon; he always has to practice what he preaches."

Minard's Liniment Relieves Colds

The British Empire Exhibition

London's Historic Entertainments Will Be Patronized By Visitors

In this, the last article of the series, we propose taking up a few of the loose threads of our theme. At the time of writing there are as many as fifty London theatres in full swing, most of them within a radius of half a mile, taking Leicester Square as the centre. Chief of these are Drury Lane, the Gaiety, the Haymarket, the Savoy, the Lyceum, His Majesty's, the Adelphi, the Criterion, the Vaudeville, the Garrick, Wyndham's, Daly's, the Shaftesbury, and the St. James'. The principal variety theatres are the Alhambra, the Coliseum, the Hippodrome, the Palace, the Winter Garden and the Palladium; and, of course, there are classical theatres galore. Visitors from abroad will naturally want to see the Houses of Parliament which are regarded by some facetious individuals as places of entertainment; the magnificent Law Courts, which are classical theatres galore. Visitors from abroad will naturally want to see the Houses of Parliament which are regarded by some facetious individuals as places of entertainment; the magnificent Law Courts, which are classical theatres galore.

As far back as 1880, Charles Aston Collins, brother of Winkle Collins and son-in-law of Charles Dickens, wrote that "Madame Tussaud's is with the whole population of this country, metropolitan or provincial, something more than an exhibition. It is an institution." Here our brethren from overseas will see portrait models of most of the outstanding celebrities of the past century, many of them modelled from life by members of the Tussaud family.

There is no space for us even to mention the numerous international exhibitions that have been held in various parts of the world, but a few words must be said about London's second great international exhibition which was held in 1882. It was housed in an immense specially constructed building adjoining the gardens of the Horticultural Society at South Kensington. The erection consisted of two vast domes of glass 250 feet high and 60 feet in diameter—larger than the dome of St. Peter's—connected by a nave 800 feet long. The galleries occupied twenty-three and a half acres. The success of the enterprise was marred by the death of the Prince Consort on December 14, 1882, and the outbreak of the Civil War in the United States. There were 28,653 exhibitors, the number of visitors was 6,211,103, and the amount taken at the doors was £408,530. The building was put down on July 6, 1883, the domes and other parts being purchased for the construction of the Alexandra Palace which still stands on an eminence at Wood Green in the north of London, a splendid landmark for miles around, like his elder sister the Crystal Palace in the south.

To Asthma Sufferers. Dr. J. D. Kellogg's Asthma Remedy comes like a help-hill hand to a slaking sufferer. It gives new life and hope—something he has come to believe impossible. Its benefit is too evident to be questioned—it is its own best argument—its own best advertisement. If you suffer from asthma get this time-tested remedy and find help like thousands of others.

Government Merchant Marine Some 40 vessels will be employed by the Canadian Government Merchant Marine in 11 regular services from Montreal to Vancouver during the summer, according to a new summer service schedule issued.

Most Have Lower Taxation Emphasizing that the United States was Canada's great competitor and that "we cannot keep our taxes up and they put theirs down, because if we do that the dollar bill is going there for investment," Walter O. Mitchell, K.C., M.P., advocated lower taxation in Canada at the fourth annual banquet of the Rubber Association of Canada held in Montreal.

Guard Against Tuberculosis Cutting the relations between the spread of tuberculosis and use of raw milk from tubercular cows, G. A. Bretherton, Progressive, Peterboro, Ont., intends to bring up in the House the question of stricter regulations to protect more adequately the people of Canada "from the horrors of this most dreaded disease."

THE KINGDOM RENT ASUNDER

Golden Text—

Pride goeth before destruction, And a haughty spirit before a fall.

Proverbs 16:18. Lesson—1. Kings 12:1 to 16:23. Devotional Reading—Psalms 131 and 132.

The Text Explained and Hummed 1. Jeroboam the Spokesman for the Northern Tribes at the Assembly at Shechem, verses 1-3. On the death of Solomon his son Rehoboam succeeded to the throne, but apparently a year passed before an assembly was called to confirm his success by popular approval. Strange to say, the assembly met at Shechem instead of at Jerusalem, and therefore we may infer that this great gathering was convened by the Northern Tribes instead of by Rehoboam himself. Those tribes had a great grievance to settle; they were determined not to pledge the new king their allegiance unless he agreed to lessen their heavy servitude. Their leader and spokesman in this declaration of independence was Jeroboam, who had been recalled from Egypt. See The Historical Background.

2. The Hebrew Federation of Labor and Undertakes to Arbitrate With the Employer, verses 4, 5. Before they would wear allegiance to Rehoboam, the Northern Tribes demanded from him a promise of relief from the taxation and forced labor that were crushing them. "Thy father made our yoke grievous," they told him: "Now therefore make that the grievous service of thy father, and his heavy yoke which he put upon us, lighter, and we will serve thee." Rehoboam asked for three days in which to consider the matter.

The men of good will in all the world must face the task of securing such a method of life as shall give new and larger room to the weak and the poor and those circumvented in economic relationships in all the world. We are in the midst of the social problem and decide it in the light of a world-wide application of principles of justice and economic justice. And here is the greatest task of the twentieth century. It will need all the patriotism and noblest will of many a nation with a friendly face to accomplish all that is imperative here" (Hough).

Cattle Shipments Noel Buxton, minister of agriculture, replying in the British House of Commons to a question, stated that from April 1, 1923, to March 8, 1924, there were 28,183 cattle shipped to stores to England from Canada. Of these 27 died or were killed during the journey, from the Dominion, 10,896 were slaughtered at the landing port, and 17,387 or 61 per cent, were placed on the land.

Must Have Lower Taxation Emphasizing that the United States was Canada's great competitor and that "we cannot keep our taxes up and they put theirs down, because if we do that the dollar bill is going there for investment," Walter O. Mitchell, K.C., M.P., advocated lower taxation in Canada at the fourth annual banquet of the Rubber Association of Canada held in Montreal.

Guard Against Tuberculosis Cutting the relations between the spread of tuberculosis and use of raw milk from tubercular cows, G. A. Bretherton, Progressive, Peterboro, Ont., intends to bring up in the House the question of stricter regulations to protect more adequately the people of Canada "from the horrors of this most dreaded disease."

Getting Back to Peace

A Difficult Task to Get the World Back to Peace Basis

Lord Cecil is authority for the statement that there are now 3,750,000 men under arms in Europe, and that this number is only one hundred thousand less than there were before the great war began. And over against the fact of this slight reduction is to be placed the other fact that there are behind these men actually in uniform many millions of trained and demobilized soldiers. The task of getting this old world to carry on a peace basis seems a tremendously difficult one, and yet we must keep working away at it. The folly of the present situation is surely evident to every one.—Christian Guardian.

Worms in children, if they be not attended to, cause convulsions, and often death. Mother Graves' Worm Expeller will protect the children from these distressing affections.

Desire For Peace Britain only recently slashed her military estimates, and now brings her naval expenditure to a pre-war level. No great power in the world's history has ever evidenced a more sincere desire for disarmament and peace.—Ottawa Journal.

W. J. BARTLETT, PUBLISHER

Blairmore, Alta., Thurs., April 3, 1924

AN EDITOR'S DISCRETION

"Keep it out of the paper," is the cry which the local newspaper publisher hears every week. To oblige often costs considerable, though the party who makes the request thinks the granting scarcely worth a "thank you." A newspaper is a peculiar thing in the public's eye. A news-gatherer is stormed at because he gets hold of one item and is abused because he does not get another. Young men and young women, as well as older persons, perform acts which become legitimate items for publication and then rush to the newspaper office and beg the editor not to notice their escapades. The very next week they condemn the same paper for not having written up another party doing the same thing, forgetting apparently their late visit to the printing office. The discretion of a country editor is a truly wonderful thing and many are the stories upon which he turns his back, because of a good wife or mother who would be grievously hurt to see the thing in print. Don't blame the editor for keeping some things out of the paper, but be thankful that he has a heart and is not as indifferent to your feelings as the cold and calculating circulation builder who sits at the desk on the big city papers.

GOD HELP HIS WIFE

The New Glasgow, N.S., Eastern Chronicle of recent issue said: "Funny things are found sometimes in a newspaper office. A young man came into this office one day and asked 'Was there anything in the paper about my marriage?' The office person asked in return, 'Were you married?' He replied, 'I was, a fortnight ago, and I want to know if mention was made of it in the town papers.' 'Have you not seen for yourself whether there was or not?' was the office person's next query. 'No,' he replied, 'I never read the newspapers!' 'Never buy a newspaper?' further queried the office person. 'No,' was the reply, 'I do not. They are not worth buying and I don't spend my money foolishly.' And yet the newly married chap wanted a poor newspaper man to write a notice of his wedding and publish it at a cost of a couple of dollars, while he would not waste five cents to buy a copy. God help his wife.

THE AUTOMOBILE

Buried in a country weekly we find this item: "The automobile is said to have had a greater influence on modern life, as a whole, than any invention since man discovered fire and cooked meat." In a general way this is true. The auto has released imprisoned man from his geographical boundaries, particularly in a country of this character, where neighbors are many miles apart and which would take days to make the journey by faithful old Dobbin. Most important of all, it enables modern man to get out of the city into the country with its fresh, pure air. This is the real function of the auto, not speed. The airplane will complete the job. The most important matter in connection with being the owner of a car is to be in a financial position to maintain it and not stand off the grocer, the baker, the coal dealer or the rent man. Play fair with your pocketbook.

—Cranbrook Courier.

A local woman, who probably knows, says that it is far more profitable to wait for a husband before marriage than it is afterwards.

INTRODUCE MORE GAME IN KOOTENAY REGION

At a recent meeting of the Cranbrook Rod and Gun Club the following recommendations were made for consideration by the Conservation Board:

"Moose—Closed season for five years more.

"Elk—10th to 20th Oct., limit one buck over one year.

"Caribou—Month of September.

"Mountain Sheep—Open six weeks, limit one ram.

"Mountain Goat—Three month season, limit three.

"Deer—October 1 to December 15, limit of two, one of which may be a doe.

"Quacks—September 15th to December 15th.

"Grouse—Two weeks only.

"Prairie Chicken—Closed.

A committee was also appointed to look into the introduction of new game and also to secure some Hungarian partridge eggs for hatching in the district."

BOBBED HAIR TO RESULT IN BALD HEADED WOMEN

NEW YORK, March 31.—Bobbied hair is a sure means for causing baldness and it won't be many years before the world is filled with bald headed women. Joseph Byrne, editor of a beauty magazine, said, in addressing the annual convention of the American Master Hair Dressers' association today.

Milliners, he explained, in order to conform to present hair styles, have been obliged to keep head bands exceedingly tight to keep the hair on, resulting in the death of the hair. Mr. Byrne asserts that girls of the present generation would be bald before they reached maturity.

Charles Nestle, vice-president of the association, characterized the obbing of hair as the "greatest misfortune to come to women in recent years."

RAILWAY MILEAGE IN ALBERTA

No increase in railway mileage in Alberta was recorded during 1923, according to the annual report of the minister of railways, Hon. V. W. Smith, given to the legislature this week. The total is now 4,778 miles. The growth of mileage since the formation of the province has been as follows:

1905	1000 miles
1915	4423 miles
1922-23	4778 miles

During the year, one provincial government railway, the Lacombe & Northwestern, was operated with a surplus, which amounted to \$1,267.58, compared with a deficit on that road of \$8,959.25 in the previous year. On the A. and G.W. line, the deficit for 1923 was \$16,009.47, compared with \$68,139.75 in 1922.

LEVEL MOUNTAIN GRADES BY ELECTRIFYING

Only by electrifying its lines thru the Rocky Mountains can the Canadian Pacific Railway give maximum transportation service to this end of Canada and make this end of Canada legitimately yield maximum profits for its shareholders.

One electric engine will not only check the momentum of two of the largest steam engines travelling at 20 miles an hour, but force those two engines into reverse against the full force of their propulsive power.

Electrified American railway lines have shown by experience that two trains propelled by electricity will do the work of three propelled by steam, not only because of their greater speed and safety, but because the greater power of the electric engine permits an almost 100 per cent increase in the number of cars possible to haul.

With the greater economy of operation, safety, speed and power the electric engine would iron out the mountain grades to a point where transportation through the Rockies under electrification would be cheaper than transportation through the

flat prairies under steam.—Vancouver Sun.

We are informed that one night last week a number of ladies from Frank became inmates of the local court house, not as prisoners, however, but as guests of Mrs. Duncan. But the joke is on one of their husbands, who at a late hour became very anxious as to the whereabouts of their better halves. After giving up a search, they decided to phone for police assistance and were informed that the women were already under the charge of the police and would be released to any responsible party. Mike Murphy was obliged to go bail for the bunch.

The premises in the West Canadian block, formerly occupied by a meat market, are being fitted up for a vendor's store. The announcement of the appointment of vendor has not yet been made.

WHY OPERATE?

FARM FOR SALE

Most desirable farm land, 160 acres, located in South Fork Valley, immediately south of Fir Grove Ranch, half mile river front, 40 acres hay land, 20 acres broken, 20 acres brushed ready to plow, good pastures, good water springs, habitable house, 18 x 24, and stable, 18 x 24; land all fenced and cross-fenced. This land is partly covered by side bench and is extremely rich in fertility. It is but a half mile from the proposed Carbon Hill-Railroad line. Proposed new trunk road skirts east boundary and new bridge to be erected this year. Good location for market within fourteen miles of the farm. For further information, apply to The Enterprise, Blaimore.

HILLCREST HAPPENINGS

Mr. E. Royle attended the funeral of the late James Crowder, district inspector of mines, at Blaimore on Sunday last, as representative of the Workmen's Compensation Board.

The village was shocked to hear of the death of Mrs. Crowder at Blaimore on Monday morning, only a few hours after her husband had been laid to rest. The sympathy of all is with the four orphaned children.

The following is a list of artists of the Ukrainian Concert party, whose concert at the Union hall here on the 14th of March was so well received: Song by Ukrainian Group.

Musical Selection: Italian—two clarinetes and accordion.

Song—Mrs. J. Stobbs, piano and violin accompanists, Masters N. Miller, J. Jasbec and W. Kyle.

Accordion Solo—R. Karlinio.

Humorous Dialogues, entitled "Keeping the piano" and "Casey taking the census," by Misses Yob, Norton and D. Cole, Masters Miller and Bain.

Song—Italian Quintette.

Song—Mrs. Christensen.

Chorus—Italian Quartette, with clarinet and accordion accompaniment.

Intermission.

Musical Selection, Italian—two clarinetes and accordion.

Chorus by Ukrainian Group, entitled "Catching the Rooster," the rooster being Ed Royle, but no catch 'im! Chairman—J. Bain.

The concert given in the Union hall in aid of the Methodist Manse on Wednesday evening, March 26th, was a pronounced success in every way, the hall being crowded to the doors.

The chair was ably occupied by Mr. W. Stevenson. The Hillcrest Amateur Orchestra, under the conductorship of Mr. J. E. Upton, of Blaimore, opened the concert with a march, "Under the Double Eagle."

Operatic Gems (Selection) by Mr. G. Altham.

Piano Solo—Mrs. Pinder and Mr. J. Crichton.

Duet—"Life's Stream is O'er," and encore "Keys of Heaven."

Violin Solo and Souvenir Encore, "Henry The Eighth's Dance" by Mr. W. Moser, of Alberta Conservatory of Music, Lethbridge.

Vocal Solo by Mr. Tonks, "The Carnival," and encore "Thora."

Vocal Solo by Mrs. Pinder, "The Slave Song."

Piano Solo by Mr. Altham, "Annie Laurie," and variations.

Vocal Solo by Mr. J. Crichton, "My Old Shacks."

Mikado Selection by the band and encore "Dear Old Ireland," melody overture.

The platform was next cleared for the staging of the humorous sketch, "An Irish Steep," with the following characters, who kept the audience in roars of laughter:

Dennis Hogan, the father—Mr. Wesley Bainbridge.

Mary Hogan, his wife—Mrs. Harold Henderson.

Patrick Lahey, a good friend—Mr. Robert Henderson.

Gaston Marcal, a typical Frenchman fiancée of Miss Mary Hogan—Mr. Fernie Beck.

Miss Marion, not Mary—Hogan—Miss M. Henderson.

Mrs. O'Flafferty, a very designing widow and a most dangerous woman—Mrs. Pinder.

Donald, not Dennis, Hogan (Junior)—Mr. H. Stobbs.

Leonore Schmidt, German extraction, but a true Canadian fiancée of Donald Hogan—Miss Norton.

Timothy Toolin, a most unrelenting scoundrel, in that he tried to propose to the supposed widow; Mrs. Hogan, so as to save his purse; but he got badly left and rightly so—Mr. Pinder.

The sketch was very well staged and the acting showed that there are some remarkable dramatic artists in Hillcrest. It is to be hoped that in the near future they will stage another one.

The result of the concert will be that a substantial sum of money will be handed over to the church board towards clearing off the debt

on the manse.

Mention must be made of Mrs. Tonks and Mrs. Pinder, the able accompanists for the concert.

The concert closed by all standing and singing "God Save The King" accompanied by the band.

COWLEY HAPPENINGS

D. R. McIvor was a recent business visitor to town.

Mikie Yagor, we regret to say, is seriously ill at present.

Bert Connolly, of Lundbreck, was a Cowley visitor on Saturday.

We are glad to say that Willie McGreave, who has been seriously ill with pneumonia, is on the road to health again.

Miss Irene Coates and Miss Marjorie Porter have returned from Claresholm, where they attended the past term of school at the agricultural college.

A very pleasant evening was spent over the card tables by the young folk at the home of Mrs. James Leigh on Saturday. The guests were Miss Nellie McWilliams, Miss Bernice Anderson, Miss Marjorie Murphy, Miss Peggy McEwen, Miss Annie Welsh, Messrs. Clifford Madden, W. R. Drake, Hillie Swart, Jack Welsh, Wilfred Welsh, Ed. Baines and Dick Alexander.

On Saturday afternoon an unusually pretty shower was given in honor of Miss McEwen, a bride-to-be, by Mrs. James Leigh at her home. The decorations, which were carried out in a color scheme of pink and white, were very carefully prepared and skilfully and tastefully arranged.

Some of the outstanding features were a large pink and white umbrella with ribbon streamers of pink and white reaching down to a table, which was piled deep with ribbon confetti, with a large rose basket in the centre of the table, in which stood a bride and groom of Cupid's own making, dressed in regular wedding attire.

Around this basket the numerous gifts were buried in the confetti. Kewpie ornaments of various descriptions hung from above, while two large bouquets of hot-house carnations graced either side of the room and shed their fragrance everywhere.

The bride-to-be was showered with confetti while she sat under a large white wedding bell. The buffet luncheon, which was served by the hostess, assisted by Miss Nellie McWilliams, Miss Bernice Anderson and Miss Marjorie Murphy, was very dainty and delicious. Ice cream was served to each guest in small rose baskets, decorated with pink ribbon bows and gold hearts with small wooden spoons with red hearts, this being a very pleasing effect. Among the guests were: Mrs. A. S. Donald, Mrs. E. Coates, Mrs. Ed. Grove, Miss Annie Welsh, Mrs. W. E. Tustian, Mrs. S. Easterbrook, Mrs. Roland Easterbrook, Mrs. Clarence Bundy, Mrs. M. A. Murphy, Mrs. Cecil Elton, Mrs. Jack Graham, Mrs. Archie Swart, Mrs. J. Bouthillier, Mrs. H. C. Morrison, Mrs. Peter McEwen, Mrs. Clarence Gilmore, Mrs. Royle, Mrs. George Porter, Mrs. S. Bunning, Mrs. Jessie Snyder, Mrs. James Irwin, Mrs. Latta, Mrs. Poulson and Mrs. Kollo Burns.

FORMER BLAIRMOREITES

MARRY AT TABER

TABER, March 27.—St. Theodore's church was the scene of an event Wednesday evening of interest not only to Taber folk, but to some in other communities, when wedding bells rang out to celebrate the union in the bonds of matrimony of Jean, daughter of Mr. and Mrs. Thos. McMahon, of Taber, to Mr. F. Stanley, of Macleod. The reactor, Rev. F. B. Leacroft, performed the ceremony, while Miss Violet McMahon, sister of the bride, was bridesmaid, and Mr. Albert Bates, of Lethbridge, acted as best man.

The bridal pair were met at the door by the church choir, and escorted to the chancel for the ceremony, and friends from Lethbridge, Coalhurst and the town, filled the edifice

HEIRS WANTED

Missing Heirs are being sought throughout the world. Many people are today living in comparative poverty who are really rich, but do not know it. You may be one of them. Send for index Book, "Missing Heirs and Next-of-Kin," containing carefully authenticated lists of missing heirs and unclaimed estates, which have been advertised for, here and abroad. The Index of Missing Heirs we offer for sale contains thousands of names which have appeared in American, Canadian, Scotch, Irish, English, Welsh, German, French, Belgian, Sweden, Indian, Colonial, and other newspapers, inserted by lawyers, executors, administrators. Also contains list of English and Irish Courts of Chancery and unclaimed dividends list of Bank of England. Your name or your ancestor's may be in the list. Send \$1.00 (one dollar) at once for book.

to capacity. The groom's gift to the bridesmaid was an amethyst pin, and to the best man, an onyx tiepin with diamond setting. The gifts to the bride were numerous, a number being of Community silver. A reception at the home of the bride's parents followed the ceremony, attended by many friends, who escorted the happy couple to the westbound train for the honeymoon trip to Calgary and other points west.

Mr. and Mrs. Stanley will take up their residence in Macleod, on their return, where the groom is on the staff of the A.G.T. The bride was formerly a popular member of the ex-

Why Ford Predominates

Many Reasons From Many Users

If you were to ask the next fifty Ford owners you meet why they prefer Fords, you would get a wide variety of answers.

Some would say, "Because they seem never to wear out," others would answer, "Because they cost so little." Many would reply "Because I can get service anywhere," and just as many, "Because it is the only car I can afford to own."

All would tell you, "Because they

master a bad road in any weather," a woman driver would respond, "Because I can drive it so easily." From the fleet-owners you would hear, "Because I can buy two or three or four Ford Trucks for the price of one big truck."

Wherever you might inquire you would hear expressed these basic reasons why Ford predominates—why, year after year, Ford sales equal the total sales of all other cars combined.

Joseph Montalbetti was in Michel

on Tuesday where he attended the

funeral of his cousin, Fred Montal-

betti, who dropped dead while on his

way to work on Monday morning.

COMMONS WILL PROBE FAILURE OF HOME BANK

Ottawa.—By a straight party vote of 133 to 27, the House of Commons charged its banking and commerce committee with an investigation into the failure of the Home Bank of Canada. The division came on an amendment by Frank Cahill, Liberal, Pontiac, to a resolution of William Irvine, Labor, East Calgary, calling for a special parliamentary investigation. In view of the fact that a Royal Commission will shortly begin a history investigation of the bank's history, and on the assurance of Premier King that the banking committee of parliament would proceed at once to review the evidence adduced, the resolution was withdrawn. Mr. Irvine supporting the amendment. Liberals, Progressives, Laborites and Independents supported the amendment, the Conservatives alone voting against it. Presenting his motion, William Irvine, Labor, Calgary East, said he was not seeking to destroy the present banking system, but sought the best possible administration of the present system. When the Bank Act was passed it was generally considered the soundest possible system, but subsequently events had proved that wildcat schemes had flourished for years, public savings had been used in unsound investments and the aged, the widows and orphans had no protection under the act. The "speculative proclivities" of more than one bank at present menaced the savings of many Canadians.

New Form of Taxation

Alberta Legislature Approves Amendments to Edmonton City Charter

Edmonton.—Amendments to the Edmonton city charter empowering the city to impose four new forms of taxation were approved by the committee of the whole in the legislature. The four new taxes include the rental tax, poll tax, service tax and the motor vehicles tax.

It was stated that the city council only intended to impose two of the four taxes, and it is understood that the rental tax and the automobile license will probably be the two selected.

The rental tax, which applies to tenants whether they live in a house or room, is based upon the rental paid. The amendment makes provision for a tax up to 10 per cent. of the annual rental, but it is the intention of the city council only to charge five per cent. of the rental, according to Commissioner Varsh, who originally suggested the tax. The tax on a five per cent. basis, it is estimated, will produce a revenue of \$70,000 per year.

Limerick Looked Good

Moore Jaw.—An Irish immigrant, who arrived at the C.P.R. station here, inquired the whereabouts of Limerick, Sask., also the train service to that point. "It's the nearest thing to Ireland I can find after looking at the map," he told officials in broad accents. "O'm going to try to get a job there."

PLAN TO MAKE A CLOSE SURVEY OF BRANCH LINES

Ottawa.—When the bills which provide for the construction of the Canadian National branch lines get to the Senate from the House of Commons, it is intimated that, in place of being discussed in detail in the Chamber they will be referred to the Railway Committee. This was intimated in Senate circles here.

While the course is an unusual one to be pursued in relation to any government bill, such a procedure would be regular, and the purpose in view would be to have each project investigated. Officers of the government or of the Canadian National will, it is said, be called on to justify each line by the production of data showing that it has the reasonable prospect of being a paying proposition. Duplication of lines in the same or adjacent territory will also be avoided, according to Senate plans. As separate bills are being prepared for each line, all or a part may pass.

W. N. U. 1518

Large Expenditure Necessary For Port Nelson Harbor

Ottawa.—An expenditure of approximately \$20,538,000 will be necessary at Port Nelson, the proposed terminus of the Hudson's Bay Railway Company in order to accommodate ten 7,000-ton ships declared Hon. G. P. Graham, minister of railways, in the House. Of the total amount \$4,600,000 is the estimated cost of a 4,000,000 bushel elevator and \$400,000 the cost of the railway yard and terminal buildings. The lighthouse crib at the entrance of the harbor is given as costing \$300,000.

Many Hebrideans Coming

Proposed to Settle Newcomers of Five Acre Plots Near Urban Centres
Ottawa.—Plans for the immigration to Canada of another large party of Hebrideans coming under the same auspices as those who arrived last spring are being worked out and official advice given to the department here.

The scheme at present being evolved is on new lines, however. It is not proposed that the immigrants homesteaded but, rather, that five acre plots of land be secured adjoining urban centres—probably in Alberta—and devoted to gardening.

Another part of the plan is that farmers be asked to give an acre of ground to the newcomers upon which a cottage would be erected, the immigrant contracting himself for labor on the landlord's farm.

The society which is promoting this immigration, is giving financial assistance for the erection of cottages, while, it is said, a grant has also been secured from the British Government. Several hundred are expected early in the season.

Saskatchewan Opposition

Will Hold Convention in Saskatoon on August 28th

Moore Jaw.—Members of the Opposition party in the provincial legislature, following a meeting in Moose Jaw, came to formal decision to hold a convention in Saskatoon, August 5. Those taking part in the conference were: Harris Turner, M.L.A., Saskatoon; D. H. McDonald, South Qu'Appelle; W. H. Harvey, Kenderley; Sidney Gingham, White; and W. J. F. Warren, Bellefleur, who is M.L.A. for Thunder Creek. Representatives from Milestone constituency also attended the conference.

U.S. Quota Bill

Washington.—The new immigration bill, providing a basic quota of two per cent. of the 1910 census, was reported from the Senate Immigration committee.

Warships For Australia

Melbourne.—Federal Premier Stanley M. Bruce, announces the immediate construction of one light cruiser in Australia and one in England for the Commonwealth.

Ginghams Appear in Continental Southlands

Smart Parisiennes snap their fingers at tradition and gayly don the most astonishing modes. Premier has recently shown a number of models in such humble fabrics as gingham, chambray and drawn cloth. The frock here shown is of the drawn cloth smartly trimmed with black velvet ribbons and probably will be much copied for Palm Beach day wear.

SINGAPORE PLAN WAS REFERRED TO DOMINIONS

London.—J. H. Thomas, colonial secretary, in winding up tonight the debate in the House of Commons on the government's abandonment of the proposed Singapore naval base in which the government was sustained by a majority of 76, said: "What are the facts regarding consultation with the Dominions? The day the Imperial Government decided to spend no more money in Singapore they wired that decision to the Dominions. Not only was it on record, but certain Dominion ministers, without mentioning names, were in this country when we came into power and discussed the question of the Singapore naval base with us."

So do not be under any misunderstanding concerning the government not knowing the views of the Dominions on the matter. I want to put it to Friend Amery (Lieut.-Col. L. C. Amery, former First Lord of the Admiralty). Does he seriously suggest that it is insulting the Dominions for the government to take the course it is taking in this matter?"

Mr. Thomas said he was quoting Canada as saying "quite distinctly" at the conference: "So far as we are concerned we express no opinion."

The colonial secretary also quoted a message from the Australian Labor party to the British Labor party as follows: "We are entirely opposed to Premier Bruce committing Australia to the Singapore scheme."

The New Zealand Labor party, Mr. Thomas added, wired: "We heartily congratulate your government on dropping the Singapore proposal."

Concluding, the colonial secretary said: "When the British public are told that there is a unanimous Australian and New Zealand opinion on the Singapore scheme as they have been told today, they are entitled to hear the other side."

Japanese Fishermen

Ottawa.—A recommendation that there be no reduction in the number of fishery licenses issued to Japanese fishermen for the present year, in British Columbia, was adopted by a meeting of the House of Commons in committee on Marine and Fisheries. During the meeting W. G. McQuarrie, Conservative, New Westminster, suggested extending the close season for sockeye salmon on the Fraser, by two weeks, but no action was taken on this matter.

In Touch With MacMillan

Hartford, Conn.—Donald H. Mix, radio operator of the MacMillan Expedition, from whom the last signal was heard on February 16, has been picked up by a Californian amateur. It is believed Mix was having trouble with his transmitting set and that technical difficulty has been the reason for his long silence, according to P. H. Schnell, traffic manager of the American Relay League here.

Many Leave Canada

More Settlers' Effects Are Exported Than Imported According to Figures Presented

Ottawa.—The value of settlers' effects imported into Canada which is frequently used as a measure to estimate immigration, still continues to decrease, while there is also a continued increase in the settlers' effects exported. For the twelve months ended with February, the value of settlers' effects imported into Canada was \$5,914,222, while for the year ended with February, 1923, it was \$6,291,876, and for the similar period ended with February, 1922, it was \$5,144,104. On the other hand the figures for exports of settlers' effects for the twelve months just closed were \$10,712,781; for the year ended February, 1923, \$7,977,610; and for February, 1922, \$6,275,536.

New North Pole Trip

Projected Expedition By a Young Icelandic Is Reported

London.—A projected new expedition to the North Pole is reported. The Westminster Gazette says a young Icelandic, Algrason, is starting for the Arctic early in May on a preliminary trip to Nova Zembla and Franz Josef land. He proposes to spend six months exploring this section, ending his trip in New York in October.

The party will number 10, including three scientists. The expedition is a prelude to one in 1925 under Algrason's leadership, the objective of which will be the North Pole.

PROBABLE DATE SUGGESTED FOR BUDGET SPEECH

Ottawa, Ont.—The wish of the government to expedite business because of the late opening of parliament, together with the uncertainty in business circles that precedes the budget announcements, suggest the likelihood of the budget speech before parliament takes recess for Easter on April 16. Possibly budget day may be the 15th, but the acting minister is not in a position to make a definite announcement.

In speaking to the manufacturers of agricultural implements a few days ago, the Premier denied any purpose of singling out their particular industry in any tariff changes that are made. He spoke of the reference in the throne speech, to taxation on implements of production in connection with the development of national resources.

While the removal of the sales tax on all such implements might, really, come to be a question of expediency, the announcement, the gossip and expectation in ministerial circles is that, apart from the removal of this tax, the tariff will be lowered on agricultural implements, and saw mill and mining machinery.

Manitoba Wheat Pool

Winnipeg.—Mrs. James Elliott, president of the United Farm Women of Manitoba, is the first of a half-dozen woman canvassers for the Manitoba wheat pool to report to headquarters on the results of her efforts. She secured 28 contracts, totalling 2,260 acres. The other canvassers are expected to report within the next few days.

Heavy Compensation Bill

Dublin.—President Cosgrave is asking the Irish Parliament for an appropriation on account for the coming year totalling £11,000,000. Of this amount £2,500,000 is for compensation of property losses suffered during the period of disorders.

Raise Wolf Bounties

Ottawa.—The bounty on wolves killed in the Northwest Territories has been raised from \$20 to \$30, on condition that the person claiming it surrenders the pelts to the government. It was officially announced here.

Pacific Coast Herring

It is estimated that 50,000 tons of herring have been shipped from Vancouver Island waters to Oriental markets during the past season.

Postal Employees

May Go On Strike

Ottawa.—Representatives of the Canadian Federation of Postal Employees are dissatisfied because they have found out that the Civil Service Commission cannot deal with postal employees in revising salaries without reference to other employees in other departments doing similar work, and are again referring to the strength of the strike vote, which they claim is increasing. Revision of salaries in all the departments could not be completed in less than a year.

Recognition of Soviets

Russian Government Agents Receive Acknowledgment From Premier King

Ottawa.—"In the best interests of both countries, I have the honor to represent that Canada is prepared to recognize the Union of Soviet Republics."

This is the reply which Rt. Hon. W. L. Mackenzie King sent to A. Yaskoff, Montreal, agent in Canada for the Russian Soviet Government, who asked "whether the de jure recognition of the Union of Soviet Republics proclaimed by His Britannic Majesty's Government on February 1 last, comprehends recognition by Canada."

The two letters were given out by Mr. Yaskoff in an interview.

It is generally understood here that the formal acknowledgement of the prime minister really adds little to the status in Canada of the Russian Government, which has been free to trade here for some time and which was formerly recognized several weeks ago in Ottawa, when M. Yaskoff and his party were received by the acting premier and assured of the Canadian Government's cordial goodwill in any trade negotiations the Russian agents might wish to enter into with Canadian citizens.

Death of Prominent Banker

Sir Edmund Walker, President of the Canadian Bank of Commerce, Is Dead

Toronto.—Sir Edmund Walker, D.C.L., LL.D., C.V.O., president of the Canadian Bank of Commerce, one of the most outstanding figures in the banking and financial world in Canada, and who was internationally well known, died at his home here after an illness of only a few days, of pneumonia. Sir Edmund, who was in his 76th year, was predeceased by Lady Walker, who died last summer. Four sons and three daughters survive.

Thinks Labor Party Safe

London.—Premier MacDonald, in the course of a talk with Prof. Alberto Salomon, Peruvian minister of foreign affairs, who is visiting London, made it known that he is gaining confidence daily that the Labor party will be in power for some time. He was sure that when a referendum was put to the country the Labor party would be returned to power with a substantial working majority of their own.

Will Continue Mineral Rights Tax

Edmonton.—Hon. R. C. Reid, provincial treasurer, in concluding the debate on the budget and the legislature, declared that there was no intention on the part of the government to discontinue the mineral rights tax.

HOPEFUL SIGN IN THE DEMAND FOR ECONOMY

Ottawa.—There were hopeful signs of the turning of the corner in expenditures by municipal, provincial and federal governments, Dr. H. L. Brittain, chairman of the Citizens' Municipal Research Bureau of Canada, declared at the dinner tendered by the Ottawa Board of Trade to the delegates of various boards of trade and chambers of commerce from all parts of Canada, assembled here to urge on the government the need of national economy.

Dr. Brittain emphasized the importance of establishing a standard system of bookkeeping and accounting as a means to effective control of public expenditures.

D. W. Warner, M.P. for Strathcona, representing the Edmonton Board of Trade, said he saw a real hope in the move for a concentrated demand on the part of the people of Canada for cut per cent. to cut down expenditures. It would not be hard to cut down if the people back home quit asking for expenditures.

Travers Swetnam, K.C., president of the Winnipeg Board of Trade, brought a message of confidence from the west. "This talk of east and west, I think, is bunk," he said. "You can't separate them any more than you can separate the concave and the convex." He was confident they could solve the problems of Canada, but more could be done by hard work than by legislative enactments.

A memorial will be presented to Premier King urging national economy.

No Industries Threatened

Acting Minister of Finance Alloys Fears of Manufacturers

Ottawa.—There is no real reason why the country should become alarmed about the government's fiscal policy. This government has no intention of ruining any industries," Hon. J. A. Robb, acting minister of finance, told a delegation from Hamilton and that vicinity which waited upon him to protest against any reduction in the tariff.

"There is nothing in the speech from the throne which threatens any industry," Mr. Robb went on. Far from being adversely affected by tariff revision in the past, the agricultural implement business in Canada was holding its own, and the influx of immigrants who were going on the land would create a bigger demand for implements, he said.

Freedom of the Air

Washington.—Declaring that the air is the "inalienable possession of the people," a bill by Senator Howell, Republican, Nebraska, was approved by the Senate Interstate Commerce Commission. Radio licenses and other "privileges for the use of ether" would be restricted to two years' duration with power vested in the president to annul them in time of war or other emergency.

Fire in Tokio Suburb

Tokio.—Six hundred houses were burned in a fire which swept Yoshigaya, a suburb of Tokyo. Twenty persons were injured. Three thousand are homeless.

Miss Plunkett and Miss Lynch, Stantons, of Pincher Creek, have accepted positions as nurses in a Seattle hospital.

A grand bazaar will be held in the Lundbreck hall on Easter Monday, to be followed by a dance at 9 p.m., and midnight supper.

An auction sale will be conducted by Auctioneer H. D. Gerry at the ranch of W. Ritson, north of Cowley, on Saturday at 10 a.m. See bills and ad for further particulars.

In a recent smallpox epidemic at Windsor, Ontario, during which there were many fatalities, it is stated that not one death occurred among parties who were vaccinated.

Mr. and Mrs. R. Coates of Cowley, announce the engagement of their second daughter, Annie Elsie, to Edward Isaac Duffield, of Spring Ridge, the marriage to take place during Easter.

The Fernie school board recently ordered that no children would be admitted to the school after March 31st, unless they could produce certificate to show that they had been vaccinated.

Creston, B.C., will receive a village charter on June 1st, and Messrs. C. B. Garland, E. C. Gibbs and E. Mallandaine have been appointed temporary commissioners and will prepare an assessment roll.

A slight error occurred in our last week's report of council proceedings. The figure \$2400, given as the proposed cost of improvements to firemen's quarters was the estimated cost of these improvements, together with fire truck and appliances.

Mr. and Mrs. Albert Wycherley were murdered in their home at Coquitlam, B.C. The deed is believed to have been perpetrated by one of the escaped lunatics from a coast asylum. Mr. Wycherley was a cousin of Mr. G. H. Wycherley, of Drumheller, formerly of Blairmore.

Existence of letters threatening that if Edsel Ford, president of the Ford Motor company, did not pay over \$1,050,000, his three children would be blinded in an unnamed manner, was disclosed a few days ago by Detroit police. At the same time Wasley Sinek, 23 years old, and Mrs. Annie Hladik, 25 years old, were arrested in connection with the alleged plot. The letters were crudely printed, vague in terms and apparently written by someone barely able to understand English.

Trail school board is considering the employment of a school nurse.

The coal miners of District 18 quit work on Saturday and Monday last.

Another prize one-piece skull is the man who says "I own no property, so I don't have to pay any taxes."

And even the members of the Roseland championship hockey team are referred to as "birds of passage."

Only one in ten are said to know how to read a newspaper. The other nine know how to run it.

Mr. S. Richards, of the provincial department of mines, has been in town during the week.

After all, it is shameful to condemn a grouch. Pouting is his way of having a good time.

The "Not Wanted" sign is being hung out against bobbed-haired school ma'ams in California.

The contract for the building of the new school at Bellevue has been let to a Calgary firm.

As a direct result of the miners' strike, most of the C. P. R. yard men have been laid off, as well as several operators.

Mr. Harry Burns, manager of the McLaren Lumber Co., returned the early part of the week from a business visit to Seattle.

Nat. Marshall, boiler inspector, of Lethbridge, is in the district, and for the past week or more has been located at Bellevue.

Nels Fredericksen, a farmer near Hanna, was brutally murdered on Monday last. His body was found in the cellar of his shack by neighbors.

Mr. Verge was up from Macleod the early part of the week, looking over the roadwork at the Frank Slide and Crows' Nest Lake.

The whist drive held at the Greenhill Grill last night under the auspices of Vimy Chapter, O.E.S., was well attended.

Quite a number of men are leaving this district for other fields of labor, after having registered their votes in favor of a tieup in District 18.

Messrs. L. Krywolt and L. H. Putnam have obtained a lease of the old Union hotel at Frank. The building is to be thoroughly renovated.

Mr. J. Charbonnier, managing director of the West Canadian Collieries, left here on Monday night for France and will likely be absent the greater part of the year.

When a girl says she is never going to get married, she means it about as much as the man who says he has more money than he knows what to do with.

The postponed whist drive will be held in the Masonic hall tomorrow (Friday) night by Greenhill Temple, Pythian Sisters and Livingstone Lodge No. 22, K. of P., commencing at 8 o'clock sharp. Royle's orchestra will be in attendance.

William Hardy, one of the best known of the old timers in Southern Alberta and a long-service employee of the C.P.R., died at Lethbridge Van Harlen hospital on Tuesday. He was 65 years of age and a prominent member of the I.O.O.F., and came to Lethbridge in the fall of 1887.

Following a daring holdup at New York, in which it is believed that a bobbed-hair lassie was implicated, the police have orders to shoot the bobbed-haired "dearie" on sight. This order may not apply from coast to coast, but it was very noticeable in Blairmore that for the past two days local "bobs" are wearing "rats."

A very interesting case came up for hearing before Judge McDonald this week, in which a fellow was charged with "cheating" while gambling. It is a known fact that gambling, in parts of the world, is an illegal profession and that loans made over the gambling table cannot be collected by law, so that the above case constitutes a new phase. We have not heard of the outcome.

The publication at Winnipeg, of the Canadian Power Farmer, has been temporarily suspended.

Mr. L. Dutil has disposed of his hardware business at Three Hills, Alberta, to Mr. John Lawther.

4. Ostlund, solicitor for the miners of District 18, U. M. W. of A., was in town on Friday of last week.

Magistrate Barker was in town from Lethbridge on Friday afternoon, to hear a case in the local court.

The Calgary Board of Trade has gone on record as opposed to the appointment of any more commissions by the federal government to look into the coal situation.

According to an estimate made by the Dominion Parks Board, tourist traffic to the mountain resorts of Alberta last year had a total value of twenty million dollars to the province.
